EDUCATIONAL BACKGROUND

College: De La Salle University - Manila

2022 - Present

Bachelor of Science in Computer Science, Major in Software Technology

- First Honors Dean's Lister (all terms)
 - CGPA: 3.833/4
 - **Relevant Coursework:** Web Development, Data Science and Analytics, Software Engineering (Agile, Waterfall), Artificial Intelligence, Human-Computer Interactions, Data Structures and Algorithms
-

WORK EXPERIENCE

Exakairos Technologies OPC

May 2026 - August 2026

Full Stack Developer Intern

- Developed full-stack features for the MirAI self-service voice AI platform using React, FastAPI, and Supabase/PostgreSQL, including customer dashboards, agent configuration, knowledge review, and multi-account/workspace onboarding.
- Built and productionized Paddle billing workflows covering checkout, subscriptions, plan changes, add-ons, entitlements, webhook idempotency, and post-payment synchronization.
- Strengthened Nexus, an AI-powered contact-center QA platform, through role-based access control, tenant isolation, credential encryption, API validation, rate limiting, error handling, and automated tests.

Bank of the Philippine Islands (BPI)

September 2025 - November 2025

Data Science and AI Intern - Microsoft Track

- Created an AI Agent using Copilot Studio for the automation of the analysis of large quantities of files, answering of questions, and saving of the output to a database.

La Salle Computer Society

February 2024 - August 2025

Associate Vice President - Documentations and Logistics | Team Lead for Documentations - Tech Summit 2025 | Executive for Corporate Relations - Tech Summit 2024

- Checked and processed documents and permits for various LSCS events and contributed to the committee's Top 2 ranking out of 48 organizations. In 2 terms, ranked 1st and 2nd out of 7 officers in my committee respectively.
-

PROJECTS

BioLink Healthcare Software Solutions | Founder and Full Stack Developer

- Founded and developed integrated LIS and HIMS platforms that digitize laboratory, patient, clinical documentation, inventory, reporting, and administrative workflows. Used by three (3) diagnostic laboratories and clinics
- Built the systems with React, Node.js, Express, MongoDB, and Electron, incorporating secure authentication, role-based access, audit logging, and shared LIS-HIMS patient and laboratory data.
- Managed the complete product lifecycle—from stakeholder requirements and Agile development to testing, Windows packaging, software licensing, deployment, updates, and ongoing maintenance.

MirAI Voice Agent | Full Stack Developer

- Built React, FastAPI, and Supabase features for MirAI, a self-service voice AI platform, including dashboards, agent setup, and workspace onboarding.
- Implemented Paddle checkout, subscription management, add-ons, account entitlements, webhook processing, and automated billing tests.

Breast Cancer Subtype Classifier | Researcher

- Developing, training and optimizing a breast cancer subtype classifier using methylation data using Support Vector Machines, Random Forests, and Neural Networks using Jupyter Notebooks, Python, and R.

SafeCircles | Backend Developer

- Conceptualized and developed SafeCircles, an Android application for hazard reporting developed using Android Studio, proposed in DLSU Hackercup 2025, which placed 8th out of 26 teams.
- Featured in the Gawad Alunig 2025 broadcast.

Escape the Myth - Mobile Video Game | Creator and Developer

- Conceptualized, developed, and programmed a side scrolling endless runner game based on Philippine mythology that was released in the google play store from 2021 to 2023 using the Unity engine and the C# programming language. Managed a team of artists and integrated artworks and animations inside the game.
-

SKILLS & TOOLS

Languages & Frameworks: C, C++, Java, Python, SQL, Golang, HTML, Copilot Studio, CSS, JavaScript, React, Express, Node.js, Jupyter Notebooks, Kotlin, R

Tools: Git, Docker, MongoDB, Unity, GSuite, MS Office, Android Studio, Supabase, PostgreSQL, Paddle

Soft Skills: Effective Communication, Time Management, Team Leadership, Event Planning & Coordination, Decision-making, Professional Networking, Initiative-taking, Detail-oriented
